Seminarians who take a leave of absence should follow the policies stated in the Rule of Life.

Music program students may apply for up to two summers of a leave of absence. Since it is envisioned that students will complete the master's or certificate program in 3 to 5 summers, with the granting of permission for up to 2 summers of leave of absence, students would be allowed up to 7 summers to complete the program.

Permission for a leave of absence must be submitted in writing to the Program Director.
